About WIBAS

The group was initially created to represent women who work in the building industry or a related service to the industry. The WIBAS is supported by the Master Builders Association, the leader in Australia's Building and Construction Industry for housing, commercial and infrastructure projects for over 130 years.

The purpose of WIBAS is to provide an environment where women can network with their colleagues, exchange ideas and experiences that will support and mentor the other women, whilst obtaining relevant, specialist industry specific information.

WIBAS Membership

WIBAS Membership allows you access to network with a range of women from the same industry as yourself, as well as providing up-to-date information about the current happening with the building industry.

For a small one of payment of \$50 per individual person, \$200 for a company (up to 5 persons) your membership will include the following:

- Membership Certificate to Women in Building & Associated Services
- Continuous membership with WIBAS – no renewal fees each year
- 50% discount for your first forum for you and a colleague
- Members discounted rate to all forums held by WIBAS
- Personalised name badge, recognising you as a WIBAS Member
- Electronic Newsletters
- Free access to a Business Brag at a WIBAS Forum

Additional name tags for companies can be purchased for \$20 per badge, over and above the 5 allocated within the membership.

WIBAS Forums

Women within the industry can add value to their businesses by attending the Forums and keeping up to date with all levels of the industry. Women attending the Forums come from a broad range of businesses, including building companies, kitchen manufacturers, plumbing supplies, bricklaying, concreting, plastering, and landscaping. There are also women from associated services to the building industry within the WIBAS group such as Solicitors, Accountants and Local Council and Authority representatives.
